Please choose one Entrée for each person attending from the three selections below. Each meal comes with a Baked Potato, Normandy Vegetable Blend, and a Side Salad. **We are asking each person or couple to bring a small Appetizer or Dessert to offset the costs and keep the price affordable for everyone and to have a larger variety.** There will also be an open bar for an hour prior to the meal, and longer if we do not exceed the budget for the bar within the first hour. Also, we are trying to get younger members to join us, so this year it is open to the entire family, not just adults. So, we are offering a kid's meals for any children/grand children that may attend (Chicken Fingers, French Fries, and Applesauce) at no charge to the family. If the children are older and want the other meals offered, then the family will need to provide for them. Let me know if there are any questions or if you need clarification on anything.
